This comparison compares Apple iPhone 12 64GB pricing with 1GB data and unlimited minutes and texts against published standard pricing available by buying directly from competitors selling Apple iPhone 12 64GB plans on pay monthly contracts. The prices in this table are compared against the equivalent or next highest available data tariff. We compared against competitor's minimum committed standard monthly price, with a maximum upfront cost of £150 and with 1GB data, or their next available tariff with at least 1GB data. All competitor contracts have at least a 24-month minimum term. Prices shown are for new customers. Any Trade-in discounts, cashback and gifts that may be available with selected deals are not represented and excluded. Competitor plans may include additional features. Savings are based on the total cost of competitors contracts over the length of the contract period, calculated by (monthly cost x number of contracted months) + upfront costs. Save up to £458 with Virgin Mobile's 1GB plan for the iPhone 12 64GB with unlimited minutes and texts and no upfront cost priced at £42/month for 24 months vs EE's closest available 1GB+ data plan offering 10GB data, Unlimited minutes and texts with the iPhone 12 64GB priced at £59/month for 24 months with £50 upfront.

This comparison is not intended to give you any advice in relation to any aspect of any product or service other than the price and the usage allocations of the compared offerings. Other factors such as network coverage and reliability and the provider's terms and conditions are also relevant things to consider when making a decision. This comparison is just one information point among others you should consider before making a decision. Prices are derived from the provider websites of the providers listed above on 4th January 2021, but you should check with the compared provider to confirm they are still current.
